

Catoosa County Schools: Tiger Creek Elementary School
Digital Learning Plan
Extended Closure

Device Distribution

- Students will use the digital devices for learning at home.
- Students and parents will take responsibility for the device and charging cord by signing the usage guideline letter.
- Each student will check out IPADs or Chromebooks including charging cord through Destiny (Media Center checkout system) by the Media Specialist.
- *Devices will be* tagged with student-assigned numbers
- Parents will be informed about the instruction or how to access instruction that will take place online through letter, parent contact platforms (i.e. DOJO, Remind, Seesaw, Parent Portal, etc,) and the Tiger Creek Website.
 - <http://tce.catoosa.k12.ga.us/>
- Teachers and staff have assisted with the preparation of devices for home use. Teachers all have Google Classroom set-up with activities to complete at home, and a process in place to add more activities if the need arises. (See delivery of instruction below.)
- Teachers will send login sheets for all students for the platforms in use if needed.
- Grades will be considered on assignments by teachers based on individual grade level learning plans.

Delivery of Instruction & Monitoring of Student Learning

- Students need to check Google classroom daily.
- A log-in information page will be sent home with students to access the activities used in the plan and will be posted in Google Classroom.
- The Tiger Creek Website will also include all of the details as well.
- K-5 will have a choice board and/or specific activities set up for students to complete each day/week.
- Teachers will continue to provide Newsletters to parents through Google Classroom and the Tiger Creek Website that will include basic activities to practice.
- If you need assistance for a device issue or not working properly please email either Brian Luffman or Holly Caputi (see emails below), or see troubleshooting links addressed below in the links section.
- Alternatives if Wi-Fi is not available:
 - Go to a friend or family member's house where Wi-Fi is available.
 - Go to the public library in our community
 - Go to a business that offers public Wi-Fi
